

SPREADING OF ASHES AT SEA

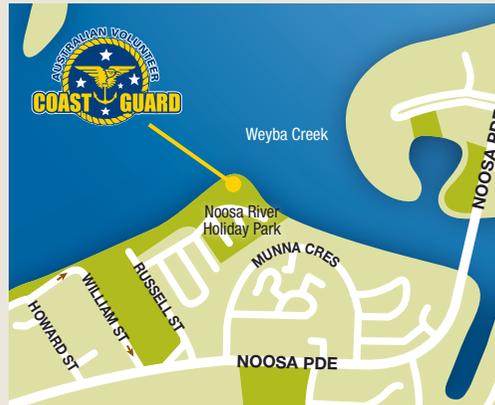

Coast Guard Noosa is pleased to be able to offer Memorial Services at sea, at which all are welcome to take part.

For those who felt a deep connection with the sea, a Memorial Service allows loved ones to bid their final farewells, knowing the ashes of those they cared most for are now in the care of the sea.

Services can take place in the beautiful Noosa River or in Laguna Bay, where the natural and untouched surrounds of Granite Bay or Tea Tree Bay provides the most tranquil of locations.
