

## ROSES AND ROADS.

### Bassendean Proposals.

A meeting of the Bassendean Road Board last week decided that 150 rose bushes be purchased for planting next year near the entrance to the Bassendean Oval in the form of a war memorial rose garden. In the meantime it was agreed that phlox and petunias be planted.

It was decided to continue the construction of Ida-street from Anzac-terrace to Walter-road, and of Iolanthe-street from Broadway to Government-road. A resolution was carried that the Postmaster-General's Department be requested to install public telephone booths at the intersections of Surrey-street and North-road, and of Walter-road and Ivanhoe-street.
